

TABLE OF CONTENTS

List of Tables.....	vi
List of Figures	vii
Contributors	viii
Acknowledgments	1
Executive Summary.....	2
Mission of FWP	4
Statewide Objectives	4
Process for Changing Population Objectives and Regulation Packages.....	5
Initial Public Participation.....	5
Chapter 1: Background Information for Bighorn Sheep Conservation Strategy	8
Wild Sheep in North America	8
Origin	8
Early Distribution and Classification.....	8
The Audubon Sheep.....	9
Early Explorers and Early Recorded Distribution.....	11
The History of Bighorn in Montana.....	11
Role of Hunting in Bighorn Sheep Management	16
Comparison of Other State and Canadian Province Regulations and Seasons.....	23
Boone and Crockett Records.....	27
Trapping and Transplant Program	28
Trapping and Transplant Techniques and Methods	30
Capture and Handling Recommendations.....	31
Population Monitoring.....	33
Population Management	36
Population Management Through Ewe Harvest.....	37
Ram Harvest Characteristics	38
Criteria for Reopening Hunting in Populations Having Gone Through Major Declines	39
Other Opportunities.....	40
Metapopulations – Positive and Negative Aspects.....	40
Health Monitoring and Management.....	43
Introduction	43
Diseases and Parasites of Rocky Mountain Bighorn Sheep	45
Proposed Bighorn Sheep Herd Health Program.....	48
Statewide Protocol for Resolving Situations Where Bighorn Sheep and Domestic Sheep and Goats Commingle	49
Montana FWP Recommendations Regarding the Use of Domestic Sheep and Goats for Noxious Weed Control in the Vicinity of Bighorn Sheep	51
Response to Bighorn Sheep Die-Off Protocol	54

Genetics	57
Translocation Program.....	59
Introduction	59
New Site Habitat Evaluation Procedure (HEP).....	60
Protocols for Trapping and Transplanting Bighorn Sheep to New Areas and Augmenting Existing Populations.....	64
Habitat Monitoring and Management	68
Habitat Description.....	68
Habitat Use	71
Food Habits	71
Major Habitat Issues.....	72
Monitoring and Management of Habitats.....	73
Law Enforcement	79
Chapter 2: Individual Management Plans for Hunting Districts and Unhunted Populations.....	81
Kootenai Falls (Hunting District 100)	84
Ural Tweed (Hunting District 101).....	89
Galton Range (Hunting District 102).....	93
North Clark Fork (Thompson Falls) (Hunting District 121)	98
Clark Fork Cut-Off (St. Regis Cut-Off) (Hunting District 122).....	105
Cabinet Mountains (Berray Mountain) (Hunting District 123)	111
Paradise (Hunting District 124).....	117
Wildhorse Island	124
Grave Creek Range (Hunting District 203)	127
John Long Range (Lower Rock Creek) (Hunting District 210).....	132
Garrison (Hunting District 212).....	138
Lost Creek (Hunting District 213).....	143
West Rock Creek – Quigg Peak (Upper Rock Creek) (Hunting District 216).....	148
West Fork Bitterroot (Hunting District 250)	154
Skalkaho (Hunting District 261)	158
East Fork Bitterroot (Hunting District 270)	162
Lower Blackfoot (Hunting District 283).....	168
Gallatin – Yellowstone, South Absaroka, Hyalite, South Yellowstone (Upper Yellowstone Bighorn Sheep Complex) (Hunting Districts 300, 303, 304, 305 and Mill Creek Un-hunted Population)	172
Spanish Peaks (Hunting District 301).....	186
Hilgards (Hunting District 302)	191
Tendoy (Hunting District 315)	196
Highland (Hunting District 340).....	202
Elkhorn (Hunting District 380)	208
Sleeping Giant (Hunting District 381).....	214
Greenhorn.....	220
Deep Creek, Castle Reef, Gibson Lake North, Ford Creek (Southern Rocky Mountain Front Elk Creek – Teton River Complex) (Hunting Districts 421, 422, 423, 424)	223

North Fork Birch Creek – Teton (Hunting District 441)	242
Beartooth Wildlife Management Area – Gates of the Mountains	
Wilderness Area (Hunting District 455)	246
Boulder (Hunting District 500)	252
Beartooth Mountains, Hellroaring (Hunting Districts 501 & 502)	259
Pryor Mountains (Hunting District 503).....	264
Fergus, Little Rockies, Middle Missouri Breaks, Chouteau – Blaine –	
Phillips (Missouri River Breaks Complex) (Hunting Districts 482, 620, 622, 680)	268
Blue Hills (Region 7).....	280
 Literature Cited.....	282
 Appendices.....	292
Appendix A - Glossary of Terms	292
Appendix B - Listing of Montana Bighorn Sheep Research	294
Appendix C - Transplant History	299
Appendix D - Bighorn Sheep License Auction Summary	305
Appendix E – Bighorn Sheep Transplant Site Assessment Form.....	306
Appendix F – Biomedical Protocol for Free-Ranging Bighorn Sheep (<i>Ovis canadensis</i>) in Montana: Capture, anesthesia, tagging, sampling, transportation and necropsy procedures.....	308
Appendix G - Bighorn Sheep Survey Form	313

LIST OF TABLES

Table 1. History of recent die-offs in Montana bighorn sheep populations, 1984-2008.	16
Table 2. Summary of 2007 Rocky Mountain bighorn sheep hunting regulations in western states and provinces.	24
Table 3. Summary of regulation types under different population criteria for ewe harvest and population management.	39
Table 4. Summary of potential ram harvest under different population parameters and criteria.....	39
Table 5. Comparison of lamb recruitment rates and ram ratios by ecological region, excluding populations having recently gone through a die-off.	71
Table 6. Population status of bighorn sheep by hunting district and various threats to these populations.....	74
Table 7. Total number of bighorn sheep observed, population objective by hunting district and year(s) of any major die-off	82
Table 8. Status of bighorn populations in relation to objective by FWP Region	83

LIST OF FIGURES

Figure 1. Distribution of bighorn sheep in Montana 1860 – 2008, from Picton and Lonner (2008).....	10
Figure 2. Bighorn sheep transplant history in Montana, 1922-2008, from Picton and Lonner (2008).....	14
Figure 3. Trend in the number of bighorn sheep in Montana, 1950-2008.	15
Figure 4. Distribution of bighorn sheep in Montana, 2008.	15
Figure 5. Graphic depicting a legal ram according to Montana's definition.	18
Figure 6. Number of ewe licenses and ewe harvest in Montana, 1974-2007.	21
Figure 7. Total number of hunters, number of hunters in unlimited districts, and ram harvest in Montana, 1956-2007.....	22
Figure 8. Map of inductive GIS model predicting suitable unoccupied habitat for bighorn sheep based on visual locations.	61
Figure 9. Example of seasonal range identification.	63
Figure 10. Distribution of domestic sheep allotments on USFS and BLM-managed lands in Montana.....	64
Figure 11. Ecological regions and bighorn sheep hunting districts in each region.....	69
Figure 12. Bighorn sheep hunting districts, Montana, 2008.	81
